

AZRIEL FIDZLIE

Pasir Gunung selatan, Kec. Cimanggis, Depok, Jawa Barat. | fidzlieazriel@gmail.com | www.azriel.id

I have a Bachelor's degree in Information Systems from Bina Sarana Informatika University, and I achieved good grades. I have experience creating several projects, including developing an online shopping website and an online exam website, which strengthened my interest in web development and website creation. Besides that, I also have work experience in another field I am skilled in, which is computer networking.
